

Dare
(2009 Sundance Film Festival)

Three teenagers cross their ships in the night
One rich, one confused, and one up-tight
Standing in the doorway of real life
They do everything possible to miser life.
In this tale modern tech is just right,
As these kids-
Did everything they could to keep their youthful light.
Experimentation and elation rule this film
As the ending takes on a feeling that is oh so grim.
