

[B.E.T. You Haven't Heard This: T-Pain & Lil Wayne](#)

June 25th, 2008

Oh you thought just because the 2008 BET Awards was a wrap, we weren't going to bring you some post awards goodies??? WRONG. T-Pain and Lil Wayne not only tore down this year's awards, but I managed to snag what was supposed to be [T-Pain's first offering from his third solo project, Thr33 Rings, which is slated to drop September 30.](#)

Off the first listen, this ish was a keeper....NO LIE! It's a nice lil intimate club/radio joint that seems innocent, but mischievous in a indirect kind of way. Regardless of how or what the song's message is....the joint is TOUGH! Check it out below....

Don't worry ladies and gentlemen, just because the awards have ended doesn't me my commentary will cease. Head over to [BET's SoundOff Blog](#), I swear, you won't be disappointed....

Like it, Love it or Leave it???

Sincerely

Low *"I can't believe I didn't get kicked out this year"* **Key**

[The Room With The Media....](#)

June 25th, 2008

We all know how demanding the media can be, mainly photographers. So when Nelly and Ashanti showed up for some photo opps in the media room, several of the photographers had a couple of demands for the head St. Lunatic. Check out what the fuss was about in the video below...

Sincerely

[Those Flashing Lights....](#)

June 25th, 2008

This year’s awards was probably one of the best, and like I said before, I didn’t get to watch the show, but I captured some great footage on video and on my little digital apparatus. Like you guys already know, my access was extremely limited, but I did my best to capture the goods. T-Pain’s security guard came close to pile driving me into the wall because I had the camera in his face too long and later on after the awards Ashanti’s mother was ready to punch me dead in my face for filming her baby too long lol! Ahhh, there’s nothing like the 2008 BET Awards! Check out some exclusive behind the scenes flicks below...

Sincerely

Low *“Flashing.....LIGHTS”* **Key**

Would you just LOOK at Alicia Keys....JEEEEEEEEEEEEZ!

[Chris & CiCi](#)

June 25th, 2008

The 2008 BET Awards have finally concluded and even though I didn't get a chance to see a majority of the show, I did get a chance to catch this magnificent performance by Chris Brown and Ciara. My man Erik went BALLISTIC when he saw Chris and Ciara's lil dance number. Check out this the dance off between Chris Brown and Ciara at the 2008 BET Awards.

[Rate The Speech....](#)

June 24th, 2008

Ahhhh, what's an award ceremony without a Kanye acceptance speech? With Best Collaboration going to Kanye and T-Pain for "GoodLife", an acceptance speech was in order from the both of them. As we all know Kanye has made his mark in this industry for 2 reasons; one, his music is from another echelon and two, his acceptance speeches are something any avid award watcher can't live without. Out of all of his outlandish acceptance blurbs, where does this speech rank??

Sincerely

Low *"I wanna thank everyone for trying to keep me out of the awards, it was so much fun ducking and dodging you guys"* **Key**

[How'd She Do That???](#)

June 24th, 2008

I think GOD is keeping me in this trailer on purpose so I catch some of the most absurd moments at this year's awards. Like always, I'm sitting at the comp updating the HOTTEST blog for this year's BET Awards and I see Keyshia Cole performing. Though I'm not an avid listener of Ms. Cole, I do appreciate her talent. During her performance, Keyshia did something extraordinary; magnificent even. You know I don't like giving up the goods, so check out what happens when she pulls the mic away from her mouth lol.

You Decide....

June 24th, 2008

So I'm in the trailer updating the blog and chopping it up with the head honchos and Usher's opening performance comes on. The performance starts out pretty good with Usher maneuvering like he did before he was tied down and then all of a sudden something funny happens, but me and my cohorts couldn't figure out if it was planned or, well....let me just show you! Pay close attention to when Usher is surrounded in the smoke.....

Alright ladies and gents, you tell me...did Usher fall on his bottom or was that a planned move???

Sincerely

Low *"Nice trip, see you next fall"* **Key**

And We're Off.....

June 24th, 2008

Here we go, the 2008 BET Awards are underway and it's already EXTREMELY HECTIC. The red carpet was something phenomenal and you already know LowKey swiped some exclusive footage of any and everything moving. Like I stated before, the boys in black are after LowKeezy and I'm doing a HELL of a job dipping and dodging these dudes. Anyway, I ran into a couple of my close friends, scroll down to see who....

Sincerely

Low *"This is better than I thought"* **Key**

[Caught You Lookin.....](#)

June 24th, 2008

Updating the blog every hour is probably one of the most tedious things I've ever had to do, but I can tell you it's making for some very entertaining commentary. So, I'm sure all of you've heard of the group called "Hot Stylez" right? They have that absurd, but HILARIOUS song called "Lookin Boy" which is making WAVES(good and bad) through the hip hop community. They also added Mr. "It's Going Down", Yung Joc to the mix for an even more hilarious remix. Since I'm in the trailer typing my fingers to death, I figured you guys would ENJOY this picture from their pre-show performance on 106 & Park. Ha, the adventures of "Access Denied" have begun, make sure you keep it locked to see if the authorities of the 2008 BET Awards actually revoke my "All Access" credentials lol.

Sincerely

Low *"The most hated man on the premises"* **Key**

It's About To Go Down.....

June 24th, 2008

Running around this Shrine Auditorium is a serious workout and since I've been told NOT to cover certain areas of the the venue, my job is that more difficult than it originally was. But since this is the behind the scenes P.O.V. Blog, I'm going to disregard what I've been told and get the job done. As my first act of "Disregard", I scurried up a hike of steps to take a flick of the monsoon of attendee's that are piling in for the Awards. Since I'm a hustler (you got it right RC), I'm going to risk getting my credentials taken away so you ALL can enjoy exclusive behind the scene's photos and footage. Remember the 2008 BET Awards is getting ready to go down, KEEP IT LOCKED!

Sincerely

Low *"Catch Me If You Can"* **Key**
