

Then She Found Me
Directed by Helen Hunt

Tic Toc Tic Toc Tic Toc
Is the sound of April's biological clock.
Tic Toc Tic Toc Tic Toc - Ring
In this film the fat lady does sing.
So April holds off on buying the baby carriage
Cause the clock suddenly stops on her marriage.
The rest of the film is a battle between love and lust.
Or is it a story of baby or bust.
Nonetheless, Helen makes the experience funny and quaint
Yet, a blockbuster it ain't.
But for the yuppy 30 something's it is a must see
So with all that said I give it a "B".
